Education

Dr. Yanga's Colleges Inc.

Bocaue, Bulacan

Bachelor of Science in Information Technology

President's Lister

Experience

St. Martin of Tours Credit and Development Cooperative

January – April 2026

IT Intern | Junior Developer

- Developed and deployed a multi-tier IT Service Request System integrated into the cooperative's employee portal, handling ticketing, approvals, and role-based access control for management levels
- Implemented image upload with scanner integration, server-side file compression (2MB limit), and CSV export for ticket metrics reporting
- Provided on-site technical support during the SMTCDC General Assembly, troubleshooting hardware and network issues in a live event environment
- Wrote technical documentation and presented system prototypes to the IT department, applying SQL optimization and web security best practices (input sanitization, RBAC)

Freelance Web Developer

December 2024

Developer

- Designed, developed, and deployed a dynamic tourism website for a city, improving accessibility to local attractions and events
- Implemented content management features, user authentication, and responsive UI/UX enhancements using HTML/CSS and JavaScript
- Coordinated project workflow, managed deadlines, and collaborated with clients to ensure requirements were met

Projects

ARhive: Augmented Reality for ALAB Museum

December 2025

Project Leader | Developer

- Created an AR-enabled museum exhibit guide enhancing visitor interaction and learning
- Implemented marker-based/marker less AR using Vuforia and built the content platform using ReactJS + Supabase + PostgreSQL.
- Managed feature design, workflow coordination, and full-stack implementation
- Applied Unity, AR Foundation, and cloud fundamentals (Huawei Cloud) for AR integration and backend support
- Used Git/GitHub for version control and coordinated collaborative development

Outsight: Augmented Reality for Campus Navigation

March 2025

Project Leader | Developer

- Built a campus navigation system using Augmented Reality for real-time path guidance
- Developed AR features using Unity + AR Foundation, integrated database and authentication via Firebase
- Led a team in planning, asset creation, and deployment.
- Managed feature design, workflow coordination, and full-stack implementation

TrainTrack: Student Training Management System

March 2025

Project Leader | Developer

- Led system architecture, database design, and full-stack development using PHP and MySQL
- Implemented secure authentication with password hashing and role-based access control
- Developed a full-featured training management system to streamline student-admin interactions
- Built a resume submission and approval workflow with admin feedback and status tracking

Skills

- | | |
|--------------------------|--------------------------------|
| • Software Development | • Version Control (Git/GitHub) |
| • AR & Unity Development | • Project Management |
| • Cloud Fundamentals | • Team Collaboration |

Certifications

- Agentblazer Champion Workshop | Salesforce | October 2025
- HCIA-Cloud Service V3.5 Course | Huawei | November 2025
- HCIA-Cloud Computing V5.5 Course | Huawei | November 2025
- HCIA-AI V4.0 Course | Huawei | November 2025
- Overview of AI | Huawei | November 2025
- AI Basic: Overview of AI - CRA Training Program | Huawei | November 2025
- AI for Beginners | HP Life | November 2025
- AI for Business Professionals | HP Life | November 2025
- Introduction to Cybersecurity Awareness | HP Life | November 2025
- Microsoft Office Specialist – Excel 2019 | Microsoft | June 2023
- Java Programming | Oracle | May 2023
- Fundamentals of MS Project | Insights Training | November 2022

Training and Seminars

- 4th Regional Cybersecurity Conference | PSITE-CL | October 2025
- INTRODUCTION TO NETWORKING COMPTIA NETWORK | EPCPS | November 2025
- International Research Conference on Information Technology Education (IRCITE) | November 2024
- Digital Transformation 101 Webinar Series for MSMEs | UP | November 2024

Competitions

- Huawei ICT Competition Cloud Track (APAC Practice Competition) | Huawei | November 2025
